

BASTION

CAT. NO. 1374

The ultimate stronghold for the modern interior. A premium addition to our FABPRO range, **BASTION** blends durability with high-end tactility, featuring embossed herringbones and raised chenilles that act as a barrier against daily wear. In a palette of timeless neutrals, stone greys, rust, and green, this collection offers an impenetrable defense for your furniture without compromising its sophisticated texture.

All easy clean fabrics are resistant against common household stains. Be it wine, coffee, tea, or ink - there is no liquid that can't effortlessly be wiped off.

Steps to clean stains

Step 1: Dab dry the excess residue with paper towel. Refrain from spreading it.

Step 2: Spray water directly onto the stain and blot (do not rub) using white paper towels. Repeat until the paper towel no longer absorbs any stain.

Step 3: Finish by spraying water and gently rubbing the stain with a microfiber cloth in a circular motion. Continue until the stain disappears. For tougher stains, use transparent liquid detergent on the stain and repeat until the stain vanishes. Be sure to use water again to remove all traces of the detergent.

Step 4: Let the fabric air dry. Do not apply heat or use a hair dryer. That's it, you're done!

*Immediate removal of a stain will lead to the best effect.

*Do not use artificial heat, bleach, vinegar, or any other harsh chemicals.

*Stains may be effectively cleaned to an extent ranging from 90% to 98%.

*Depending on the time exposed, the type of stains and the weave of the respective fabric.
